COMMENT:

PLEASE BE KIND ENOUGH TO TAKE THE OPPOSITION TO THE IMPORT OF WEAPONS-GRADE PLUTONIUM, EVEN IN THE SMALLEST AMOUNT, OF THE FOLLOWING 35 PERSONS LIVING IN THE VICINITY OF THE BRUCE 'A' REACTORS INTO CONSIDERATION WHEN CONTEMPLATING A METHOD OF DISPOSAL FOR NUCLEAR WAR HEADS. 1/08.03.01

AN ACKNOWLEDGEMENT OF OUR SUBMISSION (PETITION) WOULD BE MUCH APPRECIATED AND SHOULD BE DIRECTED TO:

S. K. KLEINAU
R.R. 4, LION'S HEAD/ONTARIO, CANADA

The Department of Energy acknowledges the commentor's opposition to the use of the CANDU Reactor Alternative for the disposition of Pu. Decisions on disposition of weapons-usable fissile materials will be based upon environmental analyses, technical and economic studies, national policy considerations, and public input. This will include an appropriate level of analysis by Canada before any decision on burning Pu in a CANDU reactor is implemented.

Re; Storage and Disposition of Weapons-Usable Fissile Materials Draft Programmatic Environmental Impact Statement.

We, the undersigned, citizens of Ontario, are strongly opposed to the import of weapons-grade plutonium for use as fuel in CANDU reactors. 1/08.03.01 cont.

We want to prevent exposing millions of residents along shipping routes to this deadly material and suggest it be burned or disposed of at point of origin(manufacture). 2/08.03.01
